

# Interview Task

Front-end Development

Congratulations on reaching the next stage of the interview process!

To gain a further understanding of your development skills, we would like to ask you to build out a design concept using React. The prototype can be found below:

## Helpful tip

You can switch between Desktop, Tablet and Mobile designs in Figma using the sidebar on the left-hand side.

All assets can be found below:

 [front-end-task](#) >  [assets](#)

When complete, please email the code and accompanying assets, or a link to the app or repository to [christian@alternativeairlines.com](mailto:christian@alternativeairlines.com)

Please also use the email above if you have any questions relating to the task.

We invite you to discuss your landing page in more detail in the next interview, providing a detailed step-by-step explanation into how you carried out the task.
